

Cedar Class's Weekly News

W/B 24th September 2018

This Week... A great week this week! We have been busy tasting all kinds of breads from Pittas to Baguettes! We even baked our own white and wholemeal bread buns as well as some yummy banana bread ☺. We had fun putting on wellies and heading to our outdoor learning area spotting more minibeasts and creating our very own bug houses-which we will monitor...to see who moves in! The children explored flour, dough, soil and planted seeds just as the Little Red Hen did in our story. The children have enjoyed a trip this week to 'Pets at Home' looking at what animals need – food, shelter, water etc. We've looked at the seven days of creation and in our shape lesson we loved playing the shape game – matching and sorting different 2D shapes. We have been trying very hard in our phonics and some of us have been reading some high frequency words! The children are really starting to get used to our new routines and more focused work time. They are coping well with this higher level of structure. We are very proud of how they are doing ☺

Next Week... We will be retelling the story of the Little Red Hen through role play. We will be creating art using natural autumnal items, we also will be welcoming parents to our Macmillan coffee and craft afternoon on Thursday 4th October.

Hendrix making Banana Bread

And Finally...

Thank you for your money so far, we appreciate all help towards baking and sensory tasks.

The children are really motivated by books and we are starting them up with their own reading books in school. Any reading you can do with your children at home would be greatly beneficial for them.

We are really focusing on the children's independence so if you could encourage them to dress more independently, clear up after tea etc that would be helpful and any photographs of them would be great!

Reminders

The children aren't in school on Monday as it is an INSET day
