Apple iPhone and iPad parental

Parental Controls information

Type of guide

Smartphones and other devices

Features and Benefits

You can enable restrictions to stop your children from using specific features and applications on an iPhone or iPad, including blocking access to iTunes, restrict explicit content and in-app purchasing. You can also limit access to the camera and sharing of photos

---

What specific content can I restrict?

|					
Apps Access	Browser Access	In App purchasing	Innapropriate content	Media streaming	Online games
Sharing Data	Sharing location	Social networking			

What do I need?

An iPhone or iPad device and account

# Apple iPhone and iPad parental control guide

Using Screen Time to set content privacy restrictions and manage in-app purchases Go to Settings and tap Screen Time.
Apple iPhone and iPad parental control guide

Tap Continue, then choose "This is My [Device]" or "This is My Child's [Device]." If it's a shared device and you'd like to ensure settings are not changed then tap Use Screen Time Passcode. Then re-enter the passcode to confirm. If it's a child's device, you can follow prompts until you get to Parent Passcode and enter a passcode. Re-enter to confirm.

Tap Content & Privacy Restrictions. If asked, enter your passcode, then you can turn on Content & Privacy. Once you have set up your code, in this section, you can manage in-app purchase, access to apps and automatically filter website content to limit access to adult content in Safari and apps on your device.
